We are excited for our volunteers to get some fresh air and exercise while beautifying the environment. The Social Distancing & Protocol Cleanup Guidelines are intended to be used to ensure the highest health, safety, and welfare of volunteers and the community. There are risks involved with volunteering in the public setting and all volunteers should be aware that they are participating at their own risk.

Keep Cincinnati Beautiful’s Social Distancing & Protocol Cleanup Guidelines
(A guide for cleanups during Covid-19)

At events, we respectfully ask that volunteers:

- Keep a physical distance of at least six feet
- Wear a face covering when possible
- Wear gloves
- Wash or sanitize hands frequently
- Limit group sizes to 10 people
  (If a group exceeds 10, it will be divided accordingly)

Cleaning and Disinfecting Protocol: All tools and supplies provided by Keep Cincinnati Beautiful have been isolated, cleaned and sanitized using CDC guidelines prior to the cleanup event. CDC guidelines for reference: https://www.cdc.gov/coronavirus/2019-ncov/community/disinfecting-building-facility.html
PERSONAL PROTECTIVE EQUIPMENT

FACE COVERING: Please bring and use your own reusable mask. For the safety of our team members and our volunteers, we kindly ask everyone to abide by CDC recommendations and wear a face-covering in public whenever possible.

GLOVES: As always, for safety, we recommend that volunteers wear gloves. We will provide gloves to all volunteers, but if you would prefer to bring your own, please do!

NUMBER OF PARTICIPANTS: Per recommendations by the state of Ohio, we will have a limit of 10 people or less, including KCB staff, at volunteer events. If a group is larger, we will assign staff to different locations to ensure we are abiding by this recommendation. If volunteers are organizing their own event, we strongly recommend having a limit of 10 people for any gatherings.

TOOLS: Volunteers will be cognizant of sharing tools and supplies with each other and will utilize the sanitation supplies as needed.

COLLECTING LITTER: Volunteers will avoid or minimize contact with litter and always wear gloves. Litter grabbers will be used when possible. Volunteers are urged not to touch their faces or other objects like your phone, eyeglasses, etc. until gloves have been removed and hands have been washed or sanitized.

DISPOSAL OF COLLECTED MATERIALS: Volunteers are to use a bag that can be tied or bin with lid to secure the collected items and will use caution and minimize the handling and transfer of litter.

BROKEN GLASS OR NEEDLES: As always, volunteers are not to pick up needles or broken glass. Volunteers are to notify a staff member if these items are found.

POST CLEANUP ACTIVITIES: At events, Keep Cincinnati Beautiful will have designated areas for used tools, supplies, and any PPE to be properly disposed of or sanitized according to CDC guidelines. At the conclusion of an event, volunteers will remove gloves and other Personal Protective Equipment, and thoroughly wash their hands.

KEEP CINCINNATI BEAUTIFUL THANKS ALL OF ITS VOLUNTEERS FOR THE HARD WORK AND DEDICATION THEY PUT INTO THE COMMUNITY! STAY HAPPY, HEALTHY AND SAFE!
